The Fisher House program is a unique private-public partnership that supports America's military and veterans in their time of need. The program recognizes the special sacrifices of service men and women, present and past, and the hardships of military service by meeting a humanitarian need beyond that normally provided by the Departments of Veterans Affairs and Defense.

FISHER HOUSE

because A Family's Love is Good Medicine

www.fisherhouse.org

Families of patients receiving treatment at 20 VA medical centers can stay in beautifully appointed temporary lodging on the grounds of these medical centers, free of charge, thanks to Fisher House Foundation. The homes enable relatives to be close by during the hospitalization of a veteran patient. Fisher House Foundation, a nonprofit organization, builds and donates fully furnished homes, from eight to 21 rooms, to military and VA medical centers. The companies whose products are advertised in this flyer are donating a portion of the proceeds of this sale to Fisher House Foundation to enable the Foundation to build more homes.

The Fisher House program began in 1990, and by the time founder Zachary Fisher had passed away in 1999, he and his wife Elizabeth had built and donated 24 comfort homes. Since 1999, the Fisher House Foundation, chaired by Zachary's grand nephew Ken Fisher, has continued to build additional homes. There are now 56 Fisher Houses throughout the continental U. S., Alaska, Hawaii, and Germany.

For more information on the Fisher House program, to include opportunities for volunteering or donating, please contact an individual Fisher House, go to web site www.fisherhouse.org, or call toll-free (888) 294-8560.
